

# TRAVIS WRIGHT

AI KEYNOTE SPEAKER + FUTURIST + OPERATOR // WORLD'S FIRST CHIEF WEB4 OFFICER

Keynotes on The Fourth Web: what happens when AI agents start moving the money. The only speaker who has worked across Symantec cybersecurity, VARA-regulated Web3, GENIUS Act era banking, and FX/CFD capital markets. Dubai-based, speaks worldwide.

## SIGNATURE KEYNOTES CUSTOMIZED PER AUDIENCE // KEYNOTE, FIRESIDE, BRIEFING, WORKSHOP, VIRTUAL

### BANKING ENTERS THE FOURTH WEB

What the GENIUS Act, stablecoins, and agent-initiated payments do to the business of banking, told by someone who runs the rails.

BEST FOR: BANKING // PAYMENTS // FINTECH

### WELCOME TO WEB4

The macro thesis. Agents are a new class of economic participant, the first builders who are not human. Where the value pools form first.

BEST FOR: LEADERSHIP SUMMITS // WEALTH // WEB3

### LEVEL EVERYONE UP

The AI workflows that turn an ordinary team into power users, drawn from systems he actually runs, not vendor demos.

BEST FOR: ENTERPRISE // OFFSITES // EXEC TEAMS

### PROOF OF HUMAN

Trust and security when customers, attackers, and half the internet are synthetic. A defense playbook for institutions.

BEST FOR: CISOS // BRANDS // RISK + TRUST

## SHORT BIO ~100 WORDS, PRINT-READY

Travis Wright is the world's first Chief Web4 Officer and Chief Innovation Officer of MultiBank Group, a regulated financial group with 18 licenses and roughly \$35 billion in daily volume. He keynotes on The Fourth Web, the era of agentic AI commerce, and wrote the Web4 Banking Report for Diebold Nixdorf. A Symantec cybersecurity alum, top Web3 advisor for **Animoca Brands, Wax, and Avalanche**, and author of Wiley's **Digital Sense** (2018 CES Book of the Year), he has delivered 150+ keynotes from Radio City Music Hall to RWA Summit Dubai 2026, and co-hosts The Bad Crypto Podcast: 800+ episodes with Joel Comm.
